- Education: Milford Academy**

- Experience:**

Shows quick feet and smooth backpedal when on the line of scrimmage.

Throttles down efficiently on comebacks and curls, limiting wasted steps and breaking back towards the ball well.

Very feisty competitor against the run and while playing press.

Uses leverage well by getting underneath the pads of the receiver to jam him and disrupt routes.

Quicker than fast, he can accelerate quickly and operate effectively in a zone.

Played well in Cover 2 zone from the limited tape available.

Received a lot of interested during the recruiting process, indicating he is a solid athlete. Overcame much adversity in his up bringing, and seems to truly love the game. Has a tremendous motor.
